

JAMES R LAMB

FULL-STACK DEV | WWW.RUEBUSH.DEV

OBJECTIVE

To take my extensive experience in the association world and transition to a career as a full-stack web developer, with the focus on backend technologies.

SKILLS

Project management,
Research, Data Analytics,
Writing/Editing.
Full-stack dev skills: MERN
stack: jQuery, HTML5, CSS,
MySQL, MongoDB, Express,
React, Node.

EXPERIENCE

MANAGER, DATA, MARKET ANALYSIS, COMPLIANCE • AMSA (AMERICAN MOVING & STORAGE ASSOC.) • 2010 – PRESENT

Collect industry data and prepare monthly and quarterly reports for leaders in the household goods moving industry.

Create content for *Industry Trends*, quarterly publication.

Review and screen all new applicants to the association.

Perform annual review of all 4,000 members to ensure continued compliance.

Scrape the web to ensure logo compliance and prevent misuse of association logo(s) and trademarks.

Led a team to transition AMSA product to an online, cloud-based version, maintained the user database, and provided support to users.

EDUCATION

B.A., HISTORY • 2008 • COLLEGE OF CHARLESTON

FULL-STACK CODING BOOTCAMP • 2019 • UNIVERSITY OF RICHMOND
